FINAL ACTION

Applicant's amendment of 9-23-02 has been considered. The amended claim 1 have overcome the 112/1st paragraph rejection by deleting "furanyl, thiofuranyl, oxadiazolyl" from the definition of Het². The amended claims 10 and 12 have overcome item (b) of the 112/2nd rejection, they have not overcome item (a) of said rejection. Thus, the rejection of 112/2nd item (a) is maintained herein.

New claims raise the following new 112/2nd rejections.

With claims 7-9 cancelled, claims 1-6, and 10-20 remain for consideration along with new claims 21-38.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claims 10, 12, 21-37 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The following reasons apply:

a. In claims 10 and 12, step (c) has been amended to read "a compound of formula ... is converted into another compound of formula...", which is still unclear as to which compound gets converted into which. Applicant is suggested to point out processes of conversion (e.g., amination, alkylation, carboxylation, etc.).

Art Unit: 1624

- b. New claims 21-26 are duplicates of claims 1-6 respectively.
- c. New claims 27-29 are duplicates of claims 10-12 respectively.
- d. New claims 30-34 are duplicates of claims 13-17 respectively.
- e. New claims 35-37 are duplicates of claims 18-20 respectively.

Allowable Subject Matter

- 2. Claims 1-6, 11, 13-20 and 38 are allowed as the prior arts of record do not teach compounds as claimed herein.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
